

# SWA IN HAND POINTS COMPETITION 2018/2019

## REVISED RESULTS

The number of entries for this year's competition increased but out of the 44 entries only 28 sent their forms back which was disappointing. It is interesting to note the increase in Welsh Part Bred entries. Thank you to everyone who has supported this competition and taken part and please continue your support. I did have to deduct some marks off the totals sent in particularly in regard to veteran classes and young handler classes which cannot be counted. The results are given below.
